Ask your MP to support an amendment to help stop forced abortion in Xinjiang, China

There is extensive evidence that many women in the Uyghur Muslim community in Xinjiang, China are being subjected to forced abortions.

Lord Alton is currently championing an amendment to the Trade Bill which would give British courts a role in determining whether a country is committing genocide. This would help with putting international pressure on the Chinese Communist Party to stop the practice of forcing abortions on the Uyghur Muslim community.

If you would like to email your MP asking them to support the amendment, you can do this easily using a tool which has been set up on the Genocide Response campaign website which can be accessed by visiting the link below:
